

# PC-Crash UK Workshop

Early Warning  
Saturday 10<sup>th</sup> - Sunday 11<sup>th</sup> May 2025

- The PC-Crash UK Workshop is, as usual, arranged for the weekend following the first bank holiday in May in 2025, this regular date has been adopted as it falls outside of school holidays.
- As a result of the good reviews received last year, we will again be holding the Workshop at the Alderley Edge Hotel (shown above).
- The cost of attendance will include dinner, bed and breakfast on both Friday and Saturday nights, as well as the Workshop.
- As usual, the presentations will be given by Ian White and Christian Auer, and will include the new features added in version 15.1 released this year, as well as practical application of the programme based on real life cases.
- The program will be suitable for those who have a working knowledge of the programme, or those who are working towards Module 3 (Kinetics) Certification.
- Those who have taken the original courses given by NWTS or who have been certified after completion of Module 3 (Kinetics) accredited by FCIN will be recertified for three years by attendance of the course.
- The cost of the weekend will be £600 plus VAT including accommodation or £250 for those requiring a Day Delegate rate.
- Partners of those attending the Workshop will be made extremely welcome, on the understanding that the delegate will be responsible for the cost of their dinners and breakfasts.
- If the Workshop is of interest please contact North West Technical Services Ltd at [admin@nwtsltd.co.uk](mailto:admin@nwtsltd.co.uk).
